Chris –

I have not had a chance to read the 117-page RIA. I did chat with Alexas briefly and will chat with Claudia tomorrow to understand some of the details behind who did what. I've got to run for a bus now.

Dee mentioned I could join the call with OAQPS on the RIA late as I was committed at the start of that meeting. Is the meeting in your office?

Chris -

Darcy came by my office yesterday to give me a heads up on this. I'll take a look at linked doc

ASAP Tues/Wed.

Hopefully Alexas Gilbert was involved (didn't see her cc'd below) because she has the most extensive knowledge of our equipment counts, and cost and emission reduction estimates, including resultant methane savings.

Hi Cindy,

Welcome back from vacation. We got word earlier this week that we had to complete a Regulatory Impact Assessment for our U&O FIP. It would be great if you could take a look at what we put together. I apologize for the quick turn-around, but we would need any comments or edits by COB Wednesday.

Thanks, and let me know if you have any questions.

-Chris

Subject: U&O FIP - draft RIA for review

We have completed an initial draft of the Regulatory Impact Assessment for Region 8's U&O FIP. The latest version has been uploaded to Sharepoint:

https://usepa.sharepoint.com/sites/R8_Work/tribalFIPs/UOUintaBasinFIP/_layouts/15/start.aspx#/SitePages/

Under "Technical Support Documents", please review the document "U&O FIP RIA_Draft_V2" and make comments and changes as necessary. As I mentioned earlier this week, please be as specific and detailed as possible with your comments – we have very little time to do additional work on this document.

To stay on schedule, we would like to finalize the RIA by COB Friday, June 3rd. To meet that goal, we ask that you add your comments and edits to the Sharepoint document by COB **Wednesday, June 1st**. Please let me know if you have any questions or concerns.

I also want to pass along our gratitude for contributing your time and expertise to this process. Your help is critical to keep our FIP moving forward.

Have a great weekend.
